## UNDER REVIEW FOR WILDLIFE LIGHTING CERTIFICATION PROGRAM

Light Source (Amber Light Bar) approved under Certification Number 2019-270

The Wildlife Lighting Certification Program has been suspended since 2020 due to COVID-19 and remains closed at the time of this publication. This item has been submitted to be reviewed when the program resumes.

Application picture shown as CASCADES-SL-7.5LB-AL-BLK (not in Amber).

#### **INSTALLING THE FIXTURE**

1. Separate the two pieces of the fixture by removing the two screws from both sides of the faceplate.
2. If mounting in masonry, concrete, or sheetrock, install the wall anchors.
3. Use the provided cable connectors to connect the lead wires to the transformer main line.
4. Slide the cables into the conduit and mount the back plate onto the wall with the provided screws.
5. Screw the faceplate onto the fixture.
