

GENERAL®

Wireless Recording Video Inspection System

Ideal for viewing inaccessible areas of buildings, vehicles and equipment. Combines a slim, high-quality 9mm diameter camera-tipped probe with a wireless console featuring a 5 in. color LCD.

Features:

- Console with 5 in. (127mm) diagonal color LCD can be detached from grip to receive video wirelessly
- 33 ft. (10m) wireless transmission range
- Grip and console are IP54 splash-proof
- 9mm (0.35 in.) dia. x 1 m (39 in.) long probe is IP67 water and oil proof
- Squeezing trigger on pistol grip manually records video clips and still photos onto included 2GB MicroSD card or into integral 128MB flash memory.
- Console has 1 to 4x zoom function, adjustable Auto Power Off, magnetic back for attaching to metal surfaces, and built-in microphone and speaker for recording and playing back voice-annotated video clips
- ScopeView software and USB cable for organizing and viewing live and recorded photos and videos on any Windows PC
- Streams video over internet with optional RCV100 wireless USB receiver
- Monitor and grip powered by separate rechargeable Li-ion batteries
- TV Out jack and A/V cable for viewing video on TV monitors
- Four probe tip accessories (magnetic pickup, pickup hook, 45° mirror, thread protector ring)
- Custom hard plastic carrying case
- Choice of five menu languages
